High Adventure Resources

Many people ask what they will learn at Powder Horn... you will say “many things” after attending the course.

The older youth of America are looking for the next step, high adventure. They want to raise the bar. To help them accomplish these goals, you will learn how to supply safe resources and information vital to a great high adventure unit program. That is what Powder Horn is all about!

You will learn what is needed to put on unit high adventures, how to plan the trips, who may come on the trip and present information to your youth members. You will learn about the safety requirements needed for many scouting events. You will be taking part in many of these high adventure activities yourself at Powder Horn. This will give you some first-hand experience with many different activities a troop or crew would build into a full high adventure activity.

What is Powder Horn?

Powder Horn is a training opportunity designed to expose the Venturing or Boy Scout leader, and Cub Scout Leaders activities and resources necessary to operate a successful Venturing Ranger Award or Troop High Adventure program or future Troop Program in several ways:

Help Venturing Leaders and Scouters to safely conduct outdoor activities of a fun and challenging nature.

Provide an introduction to the resources necessary to successfully lead their Venturers and older Boy Scouts through a program of high adventure.

This course is based on the Venturing Ranger requirements giving participants an exposure to outdoor/high adventure activities. Scout leaders will also benefit from this course when your unit participates in unit high adventure activities.

Powder Horn familiarizes the Advisor with the Ranger program so that he or she can help the Venturer to meet the requirements of the Range Award. It also gives invaluable resources to scout leaders to conduct a high adventure program for their unit.

What is taught at Powder Horn?

Powder Horn courses include Ranger Core Requirements, at least Ten Electives, plus additional program development information.

These are some of the many topics covered at Powder Horn

(No one has to do any activity they are uncomfortable with)

Powder Horn Training 2009 Application

The cost is \$275.00
\$50 (non-refundable) deposit is required with your application. All deposits are due by August 7, 2009

The balance of the fees (\$225) must be paid in full by September 4, 2009 to attend the course.

I understand that it is necessary to attend both weekends of the course. I also understand that it is a backcountry course that is physically demanding. Participation will require obtaining my physician's concurrence on a BSA High Adventure Class III physical form.
